Russia Admits Responsibility. The Russian inquiry into the reported firing on the German fishing vessel Sonntsg by the Russian second Pacific squadron in the North Sea on October 21, having established to the satisfaction of the authorities that one of the Russian warships did fire upon the German vsseel with the result that she lost her fishing nets, Russia has agreed to pay full compensation to the owner of the Sonntag.

Final details covering the Anglo-Russian convention regarding the North Sea incident have been completed by the acceptance by Russia in writing of certain points. Invitations will now be issued jointly by the two governments to the United States and France to appoint admirals to serve on the commission, which will meet at the earliest possible moment in Paris to select the fifth mem-In case of the failure of the four admirals to agree the two powers will ask a sovereign to name one.

Although neither Russia nor Great Britain pledges herself in advance to punish the offenders, both agree to accept the findings of the commission, thus imposing upon each other a moral obligation to deal with any culpability es-tablished according to the laws of the respective countries.

Riots in Russia.

The conscript and reserve men riots in various parts of Russia are attracting much attention. The Novoe Vremys of St. Petersburg attributes the whole evil to vodka, pointing out that in all countries where conscription prevails recruits bound for the front consider that they have the right to become intoxicated, and that when liquor is denied them they proceed to break into brandy shops. The paper suggests that the sooner the treas-ury finds another way of filling its coffers the better. The Novosti comments on the fact that most of the riots have oc-curred in the Jewish zone, but says it is notable that in no case did they take the form of anti-Jewish affairs, no distinction being made between Jewish and Christian proprietors of shops, the conscripts and reserve men being only de-termined to obtain vodks.

FROM SOUTH AFRICA. New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough is a cure suitable for old and young. I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.,

We thought we should have to amputate both his legs, and feel that Hamlins Wizard Oil saved his life." Price 50c and

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading drugsists. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.
